

MARK REBER, P.E.
Principal, Acoustics

What Clients Say About Him

Mark develops detailed solutions without losing sight of the big picture. He collaborates with a patient, unflappable and optimistic nature.

With JaffeHolden Since 2001 – In The Industry Since 1985

Mark leads the firm's acoustics group. He has consulted on an extensive range of projects, from residences and retail spaces to airports, hotels, museums, and performing arts centers. He is a knowledgeable, natural teacher and confident troubleshooter. His creative design methodology is pragmatic and cost conscious.

Educated at the University of Hartford, CT with a Bachelor of Science degree in Engineering, Mark has presented technical papers to the American Management Association, the American Society of Heating, Refrigerating, and Air Conditioning Engineers, and the Acoustical Society of America.
